FY07 operating loss: $60-$75 million
New Vision

Strategic Renewal + Focused Cost Reductions
Our Strategy

To realize this vision, Tulane will focus its resources on:

- An exceptional undergraduate program that is campus- and student-centric
- A limited number of graduate, professional, and research programs that build on the university’s existing strengths and distinctive characteristics

As appropriate, these programs will be shaped by the university’s direct experience with an unprecedented natural disaster.
Focus of Renewal

- The Undergraduate Experience
- The Undergraduate College
The Undergraduate College
